

# The Eye on Alaska's Coasts and Oceans

# **Overview of AOOS**

Sheyna Wisdom
Executive Director
wisdom@aoos.org

# What is AOOS?

## Part of Integrated Ocean Observing System (IOOS)

- NOAA-funded program, but NOT NOAA!
- 1 of 11 regional associations
- Operating since 2003

### AOOS organizational setup

- Mission is to increase observing and forecasting capacity in all regions of Alaska
- Board of federal and state agencies, academic institutions, research facilities, industry, non-profits, tribal
- Fiscal sponsor: Alaska SeaLife Center as non-profit

## AOOS observing activities are <u>highly leveraged</u>

 Partners are <u>essential</u> for successful for ocean observing in our region

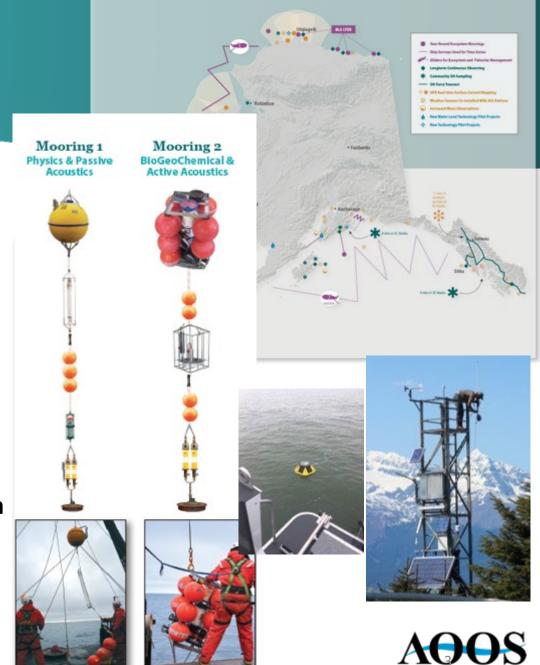

www.aoos.org

# Overview of AOOS Approach

- Sustained observations and assets
  - Moorings
  - Gliders
  - High frequency radars (HFR)
  - Ship surveys
- Fund/test new and innovative technologies
  - Coastal hazards assets
  - Sofar wave spotter buoys
- Collaborations and partnerships to find solutions
  - Collaborative networks
  - Community sampling programs
  - Leverage funding
- Work with ocean users to collect, use, and show information in a meaningful way
  - Data portal
  - Incident Response Tools
  - Mariner's dashboards

Examples of how AOOS can serve Alaska communities

## Support observations from Arctic coastal communities

- Alaska Arctic Observatory and Knowledge Hub (AAOKH)
- Indigenous Sentinels Network (ISN)
- Sea Ice for Walrus Outlook (SIWO)

## Support education for next generation

- Alaska Native Science & Engineering Program (ANSEP) interns
- Barrow Arctic Research Consortium (BARC) Science Fair

## Community-led programs

- Alaska Eskimo Whaling Commission (AEWC) wave buoy program
- Water quality community sampling (HABs and OA)

# Examples of how AOOS can serve Alaska communities

#### Data Products

- Backyard Buoy data app: http://software.apl.uw.edu/proto/BackyardBuoys/app.php
- Mariner's Dashboards on portal
- Mariner's app
- SIWO weekly sea ice movement predictions
- Arctic Watch (Marine Exchange of Alaska)
- Bering Strait Incident Response Tool

#### Ocean Assets

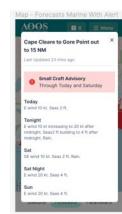

- Wave buoys (Nome & Cook Inlet)
- Weather stations on AIS stations
- Webcams
- Water level stations

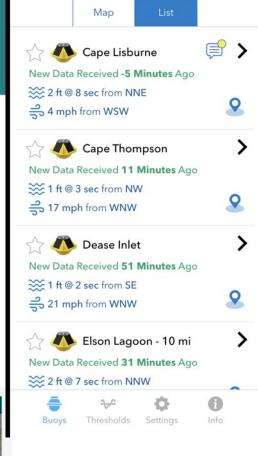

#### Collaborative Networks

- Alaska Ocean Acidification Network (<a href="https://aoan.aoos.org/">https://aoan.aoos.org/</a>)
- Alaska Harmful Algal Bloom Network (<a href="https://ahab.aoos.org/">https://ahab.aoos.org/</a>)
- Alaska Water Level Watch (<a href="https://awlw.aoos.org/">https://awlw.aoos.org/</a>)

# Ideas for new ways to serve you

#### Publications to summarize scientific information

Bering Science example

#### Ocean Information

- Help with data portal
- Create data view for you based on your needs

## Travel support

We can help with some travel to attend meetings

#### Other

- Is there a way for AOOS to support collaboration among groups?
- Our mission is to make ocean information useful to you (so that means we are already funded to do this!)

# **Funding Opportunities**

- Bipartisan Infrastructure Law (BIL)
  - \$1.2M over 2 years for equipment upgrades & community projects
  - More coming for years 3-5
- Inflation Reduction Act (IRA)
  - \$8M over 5 years for coastal resilience & workforce capacity
  - Request for Ideas got 88 projects > \$37M
  - Working through the final spend plans

# **Questions/Contacts**

Sheyna Wisdom, Executive Director, wisdom@aoos.org

Carol Janzen, Director of Operations, janzen@aoos.org

Darcy Dugan, Alaska Ocean Acidification Network Manager, <a href="mailto:dugan@aoos.org">dugan@aoos.org</a>

Thomas Farrugia, Alaska Harmful Algal Bloom Network Coordinator, <a href="mailto:farrugia@aoos.org">farrugia@aoos.org</a>

Jill Prewitt, Regional Ocean Partnership Coordinator, prewitt@aoos.org

Alice Bailey, Director of Outreach, <a href="mailto:bailey@aoos.org">bailey@aoos.org</a>

Holly Kent, Director of Administration, <a href="mailto:kent@aoos.org">kent@aoos.org</a>

Joni Kitmiiq Speiss, Community Engagement Coordinator, kitmiiq@aoos.org
